## WHAT IS SAMPOORNA ?

The seeds of Sampoorna were sown in 2019 when a group of friends came together with the intention of giving back to the society and it started taking its baby steps on online mode as Covid 19 had started touching India.

In true sense, Sampoorna started growing and moving forward from 7th July 2021, Dr Priyank travelled across India connecting with likeminded noble souls and on 6th of June 2022 it was launched with all its 11 pillars/verticals. Without these 11 pillars this story would not have been complete (Sampoorna).

Sampoorna - My Connection is a Charity - Business partnership and is a collaboration between common passion and commitment towards sustainable social change. It brings together different individuals, institutions, charities and sponsors who can be mutually benefited. These benefits include increased funding, support and visibility, where the organisations can benefit from a good PR, brand building and a chance to make a difference and garner support for worthwhile causes. Sampoorna is also an opportunity for the budding entrepreneurs to benefit from a wide Client Base through its Eleven Verticals which can also be beneficial for the service providers associated with the organisation.

As the project started taking wings, it was realized that the task & its scope was humungous. The need of extensive resources both human and financial meant that SAMPOORNA required legal authenticity. After much deliberation it was decided to register it as GOODNESS NETWORK FOUNDATION which is a Non-Profit Organisation registered under section 8 with Ministry of Corporate Affairs, Government of India. This provided us with transparency and scope to work Pan India. The registration process was completed on 29.04.2023, when the Ministry approved our vision and noble intentions.
